

RESPIRATORS

The Fisher Scientific channel offers a wide range of disposable respirators, reusable half and full-face masks and powered and supplied air respirators for protection against gases, vapours and particulates. You can choose the protection level, comfort, and maintenance requirements you need to work safely and comfortably. Our respiratory offering further includes numerous spare filters, respirator hoods and helmets, masks, fit-testing, cleaning and storage accessories.

Respiratory Product Categories	Description
<p>Disposable Respiratory</p> 	<ul style="list-style-type: none"> • Ideal for many industries and applications where workers require particulate protection e.g. dusts and mists • A choice of cup shape or flat-fold, valved or unvalved and also the option to protect against ozone and nuisance levels of organic vapours and acid gases • Lightweight, maintenance-free, comfortable, convenient and easy to use
<p>Reusable Respiratory</p> 	<ul style="list-style-type: none"> • Offer protection against particulates, gases and vapours or a combination of these • Feature replaceable or integrated filters. Many models are fully maintainable and may be cleaned, stored and reused provided they are in good condition • Full-face respirators also offer integrated eye and face protection • Help reduce the amount of single-use equipment waste
<p>Powered Air Respiratory</p> 	<ul style="list-style-type: none"> • Offer protection against dusts, mists, fumes, gases, vapours and combination hazards • Can offer integrated eye, face, head, neck and hearing protection in one system avoiding incompatibility issues between items of PPE. • Modular system allows you to mix and match items as your environments or application changes • Help reduce the amount of single-use equipment waste • No increase in breathing resistance means more comfortable and longer wear time
<p>Respiratory Hoods and Helmets Respiratory Replacement Filters and Accessories</p>
